

Tredoux and Associates sponsors student

Tredoux and Associates are sponsoring Empangeni High School student, Mthunzi Mpungose's, school fees for the next five years. Nardus Tredoux, who established Tredoux and Associates in 1996, commented that he matriculated at Empangeni High School in 1980. He was awarded a bursary from the Koch Trust, a trust established specifically for the benefit of students from Empangeni High School. Without the bursary it would have been impossible for him to complete his university training. Shown below is a picture of Mthunzi with his mom and the principal of Empangeni High shortly after receiving the news that his high school fees has been taken care of.
